

Arxx Announcement

The New Arxx Claw

Following a successful launch of the Arxx Claw in the summer of 2007, Arxx conducted a customer satisfaction survey. This survey determined that, although the Claw performed, it did not have the same feel and 'snap' experienced when installing the popular Arxx Hook. Arxx not only listened to your comments but redesigned the Arxx Claw to enhance its performance.

In addition to modifying the design, we also changed the packaging of this product to make it more convenient. The Arxx Claw is now packaged with 5 bundles of 50 pieces per box.

The new and improved Arxx Claw is now available – order yours today!

RE00-0-CLAW – 250 pcs/box

The original model Arxx Claw is still available in limited quantities and you can purchase 300 pcs/box at the same 250 pcs/box price while supplies last.

RE00-0-CLAWOM – 300 pcs/box

Please visit the Distributor section of the Arxx website for the most current order form and pricing details as well as the updated Estimating Program.

Arxx Lok & Arxx Buck Saver

In our continued efforts to make our ordering process more convenient for our customers, Arxx has changed the unit of measure to allow you to order in the same way you ship. You can now order by the piece for the following products:

SU00-0-BUCK	Arxx Bucksaver	1 piece	(8' Length)
RE04-0-LOK	4" Arxx Lok	8 per bundle	(12.5' ea x 8 = 100')
RE06-0-LOK	6" Arxx Lok	8 per bundle	(12.5' ea x 8 = 100')
RE08-0-LOK	8" Arxx Lok	8 per bundle	(12.5' ea x 8 = 100')
RE010-0-LOK	10" Arxx Lok	8 per bundle	(12.5' ea x 8 = 100')

Arxx Walls & Foundations endeavors to find solutions that are the most convenient for our customers and we welcome your comments and suggestions.

Arxx Delta FASTner

Traditionally the Delta FASTners have been loosely boxed in quantities of 500 which proved to be challenging for our customers. Some of our customers told us that it would be more convenient to have the Delta FASTners packaged in smaller portions so we made it happen! Soon you'll be receiving 10 bags of 50 FASTners in every box.
